GBI EMIRATES 2022 | FEB 18 - 23

Let's explore for the first time the United Arab Emirates with the GBI community. We will spend five days full of cycling and fun while we discover inspiring cities, world-famous monuments, and a gorgeous countryside. We will sleep in exciting locations, eat and drink typical Arabic food and will return with unforgettable memories. **Don't miss this unique cycling tour!**

Online registration will open by
24 November 2021.

FROM THE COAST OF THE ARABIAN GULF TO THE COAST OF THE INDIAN OCEAN

As the pandemic has made it very difficult to travel to Europe, GBI has developed a new global event in the Middle East – easy to join from everywhere and at unique sceneries in almost all emirates of the UAE! We will start in Dubai, experiencing the unique Al Qudra Cycling Path, a cycling-dedicated and well-maintained track crossing the dunes of Dubai's desert, allowing several hundred kilometre individual routes.

On the second day we will join the Spinneys Dubai 92 Cycling Challenge, riding downtown with 1,500 other cyclists on closed roads across the mesmerizing city with its tallest tower in the world, Burj Khalifa, to the largest malls Dubai Mall, to Palm Jumeirah and many more spots in the city.

On the third day, we'll leave Dubai and cycle east till Mleiha in the emirate of Sharjah, where we will stay at the Archaeological Centre, a UNESCO World Heritage site and camping in tents in GBI-like fashion.

On the fourth day we will cross through the emirate of Ras al Khaimah climbing Shawka Mountain before heading to the scenic district of Hatta administered by Dubai emirate and on the border of Oman.

Finally on the final day we will descend from Hatta to cycle alongside the Gulf of Oman (Indian Ocean), through the emirate of Fujairah and to Khor Fakkan in the emirate of Sharjah. After five amazing cycling days, we will take the bus back to Dubai on the following day.

Global Biking Initiative (GBI) wants to show you the most interesting places in Europe and Middle East the sportive way. We are proud of our international participants that make it easy for everybody to make new friends from other countries. Our main goal is a continuous support of charity projects worldwide. We achieve this by engaging the participants to raise funds that support charity projects in their home countries.

DAY 0: MOTOR CITY

If you booked the pre-night package, you can check-in at the Park-Inn Motor City hotel the day before the event and take advantage of the onsite registration during calm hours. You can watch live car races and trainings at Dubai Autodrome Racetrack just from your hotel room, explore Dubai on your own or just have a chat with your GBI friends at the bar while overlooking the Dubai Marina skyline.

DAY 1: DUBAI AL QUDRA

After the breakfast at the Park Inn Motor City, we will leave Dubai towards south-east, enjoying for the entire day the Al Qudra cycling path. We will cycle all day long on cycling only paths, surrounded by palm trees, maintenance stations and sometimes coffee and dessert. The track system allows uncounted number of different tracks that can cater for different distances for the day.

DAY 2: SPINNEYS DUBAI 92 CYCLING CHALLENGE

After the onsite registration at the Park Inn Motor City, we will start at the hotel our tour and cycle mainly on cycling lanes downtown to the start of the Spinneys Dubai 92 Cycling Challenge. We will enjoy during the day together with 1,500 other cyclists on completely closed roads during 92 km in one of the most prosperous cities in the world, seeing a lot of impressive buildings like Burj Khalifa, the world's tallest building (829 m), one of the largest malls Dubai Mall (350,000 m²), the Dubai Fountains (83,000 litres of water at once), Emaar Boulevard, Dubai Opera and many more spots.

DAY 3: DUBAI - MLEIHA

We'll leave Park Inn hotel and the Dubai Emirate and cross the desert. If you haven't cycled in the desert before, this will be a unique and unforgettable experience. Our maintenance cars guarantee that you won't be left behind and that you will always have access to nutrition and technical support. We will stay in an UNESCO world heritage site, the Mleiha Archaeological Centre where we shall enjoy millions of stars of the Milky Way galaxy above our heads.

DAY 4: MLEIHA – HATTA

It starts becoming hilly. Leaving Mleiha in the morning, we will cycle towards the borders of Oman and climb Shawka mountain. After three days on the saddle already, we should be ready by today to climb some moderate hills and enjoy great views over the United Arab Emirates.

DAY 5: HATTA – KHOR FAKKAN

We deserved it! Hatta is an amazing spot to start our cycling on the last day, where we will initially have few climbs in Kalba mountains of Fujairah, then we descend to cycle alongside the coast of the Indian Ocean (Gulf of Oman) where we will have time to take a bath in the comfortable waters of Khor Fakkan.

DAY 6: KHOR FAKKAN – DUBAI

No more cycling – what a pity! After our breakfast in the hotel, we'll load our bicycles on a bike carrier and take the bus back to Dubai. The rest of the day can be used to explore the city or whatever your plans are for the last day of your first GBI Emirates.

ROUTE CHARACTERISTICS

We will mainly cycle on paved roads, which are mostly dedicated cycling lanes. During the Spinneys Dubai 92 Cycling Challenge, all roads will be closed. On the second day, we will have some escorted road ride till we reach Al Qudra cycling tracks which are only open for cyclists. On the other days, if possible, we cycle on minor roads. But some parts of the track are often heavily frequented and cycling lanes are sometimes missing. So sometimes it is inevitable to use major roads. The tracks are most of the time flat, except on the second last day, we'll have the joy to experience some climbs. The daily distances are moderate and typically less than 100 km.

NO HELMET, NO RIDE!
