GBI Provence 2024

GBI WE CYCLE
FOR CHARITY

Dear cycling enthusiasts,

This guided bike tour, with an international group of participants, takes us to the highly captivating part of Provence. In addition to Aix, we'll explore the hilly hinterland of the region. Numerous smaller and larger towns exuding Provencal charm, along with the stunning landscape, will captivate participants.

The optional highlight for all ambitious cyclists is undoubtedly conquering Mont Ventoux, the mystical giant with its seemingly endless ascent. If you wish, you can even climb it three times in a day and achieve eternal glory in the Mont Ventoux Madmen Club!

Another highlight will be Avignon, the picturesque French city with a rich history and cultural heritage.

Join us in experiencing the Savoir Vivre and take a break from everyday life.
